The Brownies had been successful, in obtaining a grant from Awards for All and they had asked the Parish Council if they should repay the grant. The Parish Council indicated that they did not expect the grant to be repaid.

It was noted that the ruts in the road close to the School had not yet been repaired. Concern was also expressed over the condition of the road near the entrance to the Golf Club. The Clerk agreed to report both matters to the County Council.

RESOLVED to (a) note the report; and
(b) report the highway matters to the County Council.

2086. GRASSMOOR COMMUNITY CENTRE

The Clerk reported that plans were in hand for the Beer Festival at the Community Centre at the end of August. A successful Spiritualist Evening had also been held.

2087. BARNES PARK

The Clerk reported that there had been some flash flooding to properties on Norfolk Avenue from water streaming off the Park. It was noted that the properties had previously flooded in 2008, but there had been no incidents in between. The Parish Council had also undertaken some drainage works in the Park in 2008. It was agreed that the Parish Council would ask the District Council if anything could be done to help alleviate the problems, whilst noting that the residents also had a duty to protect their own properties from flooding.

The Clerk reported that more branches had fallen off the tree near the Pavilion and the District Council had indicated that it may need to be taken down, work for which there would need to be a charge. The District Council had also suggested that it was time the other trees in the Park were pollarded and an estimate of the costs would be provided.

It was also reported that the trees on the Golf Course to the rear of properties on MacDonald Close were in need of cutting back. The Clerk agreed to take the matter up with the Golf Club.

RESOLVED to (a) authorise the Clerk to seek the District Council's assistance in possible works to alleviate the flooding to properties on Norfolk Avenue;
(b) note that the trees in Barnes Park needed to be pollarded and one tree needed felling; and
(c) write to the Golf Club regarding the trees to the rear of MacDonald Close.

2088. CCTV

The Clerk reminded the Parish Council that the camera on the front of the School overlooking the Park had been faulty for some time and needed to be replaced. It was agreed that the Clerk ask NW Systems if the camera position could be lowered in order that it provided a better view of the Park and the area where the new equipment will be located.

RESOLVED to (a) approve the replacement of the camera located on the front of the School; and
(b) ask NW Systems if the camera location can be lowered.

RESOLVED to note the report.

2093. BARNES PARK PROJECT

The Clerk reported that the period of consultation with residents whose properties border on the Park on the plans for the Park had ended on 2 June. Forty-five letters had been sent out and two responses had been received. The first response was concerned about anti-social behaviour particularly around the MUGA and also about how behaviour on the Park would be monitored once the new equipment was installed.

The second comments came from a resident who felt that the siting of the skatepark as proposed would adversely impact on the view from her property. She requested that the skatepark be relocated nearer the Pavilion and that the area in the bottom of the Park be turned in to a wildlife area. The Parish Council considered that these comments did not warrant a change in the plans. The request to move the skatepark was impractical as this would interfere with the cricket pitch.

It was agreed therefore, that the Clerk place an order with Hags SMP for the works to refurbish the Park. The Clerk also reported that Entrust approval had been received and that the loan application had been completed and submitted. The County Council had also confirmed the Third Party Contribution funding in relation to the additional Viridor funding.

RESOLVED to (a) note the report;

(b) place, having considered the comments received from the consultation exercise, a formal order with Hags SMP for the works to refurbish the Park; and
(c) to reply to those residents who responded to the consultation letter.
